

“Every 48 minutes a person is killed on our roads. Children are particular at risk when walking or riding bicycles in the streets”

Our road safety centre inculcates (to fix something firmly in somebody's mind through frequent, repetition) basic road safety principles. Groups of up to 350 children from primary (grades 1-4) and pre-primary schools are welcome to book visits.

Our programme introduces the dangers children face when walking down streets, crossing roads or riding bicycle. We aim to enhance their awareness of these dangers and to develop safer behaviour on and next to our roads.

Let us introduce Our Road Safety Centre!

Our educational programme is presented in our incredible little fantasy mini-town where they can apply their newly acquired knowledge, skills and attitudes in a safe environment while having loads of FUN!

Optional extras for kids >>> Basic prices >>>

Danny Cat 20 minute talk: Basic introduction in (English) to basic pedestrian and cyclist road safety rules done by one of the staff members of our Road Safety Centre staff members.	Primary schools:
	R250

We put the FUN back in LEARNING!

Road Safety Centre for kids

No trouble was spared to ensure that children can experience reality on a reduced scale and in a safe environment, while learning about road safety rules.

For the past years thousands of schools had visited and enjoyed our picture-perfect venue! Where else would you find lovely gardens, trees, lapas a hall, kitchens, braai facilities, fridges freezers, tables, chairs AND the most beautiful FUN play areas for the kids – all at ONE place? Not only can the kids play in the Fantasy-Mini-Town, two play parks, but we can also set-up swimming pools and jumping castles in no time!

Eats & Treats:

You are allowed to bring along all your eats & treats OR make use of our facilities to prepare your food! We have braai facilities. NO SHOP HERE!.
